

Job Title: Working Student - Market Analytics & Pricing (f/m/d)

Group Company: Deutsche Börse AG

Working Student - Market Analytics & Pricing (f/m/d)

Start: 01/08/2023 | Duration: 12 months | Part-time

Tracing its origins to 1585, Deutsche Börse Group has become one of the world's leading exchange organisations and an innovative market infrastructure provider. In this role, we provide investors, financial institutions and companies access to global capital markets. By creating trust in the markets of today and tomorrow we foster growth and contribute to the prosperity of future generations. Deutsche Börse Group is an international company, headquartered in Frankfurt/Main, Germany. With more than 9,000 employees, the company has a strong global presence for its customers all over the world, including Luxembourg, Prague, Chicago, London, Cork, New York and many other locations.

What's your part in all this? With your commitment you contribute to the success of our unique business model: offering a wide range of products, services and technologies, covering the entire value chain of global financial markets.

Your area of work

The Cash Market Division is responsible for development of Cash Market trading on Xetra and Börse Frankfurt to grant efficient, safe and fair access to German and international capital markets. The Market Analytics & Pricing Unit develops and implements pricing models, takes care of research and reporting tasks and provides relevant management information. As a working student of this unit, you gain access to this interesting business area and its economic success factors.

Your responsibilities:

- You support the yearly revenue planning and recurring forecast process
- You create and comment on regularly reports and statistics, such as target and deviation analyses of key performance indicators
- You participate in projects and analyse the trading activity within the cash market
- You assist in the creation process of market studies and analysis regarding competitors
- You support the preparation of presentations and decision templates

Your profile:

- You are enrolled during the entire period of activity at a state-recognized university as a regular student and have at least completed three semesters
- You have good numerical and analytical skills
- You like to use MS-Excel as tool for quantitative analyses
- In addition, you are interested in financial and capital markets
- Furthermore, you have basic skills in MS-PowerPoint and you are proficient in spoken and written English as well as German

Start date: as from 01/08/2023

What you can expect from us

Deutsche Börse Group embraces an international climate, whereby diversity is universal. This is evident across the board, be it through our diverse workforce, routine responsibilities or other areas of activities and scope of application. We are looking for employees who enjoy working in a dynamic and flexible environment and are willing to put forward innovative ideas for the company. An open mindset, a proactive approach and self-motivation are prerequisites.

We value diversity and therefore welcome all applications - regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age, sexual orientation and identity.

Have we piqued your interest? Then we encourage you to apply now! Please submit your online application via our career portal, including your CV, cover letter and other relevant documents (transcript of records, job references etc.)

Do you have questions about the application process or this position?

Our Campus-Team will gladly answer your questions. Please contact us at campus.careers@deutsche-boerse.com or by phone 069-211-11810. We look forward to getting to know you!
